

DETERMINE WHAT VERSION OF AMR YOU CURRENTLY HAVE

Go to <https://etherscan.io> and enter the address that currently holds your AMR tokens, as shown in the search box (Labeled 1).

The address you just entered should show be shown in the box labeled 2.

Click the Drop-Down icon (labeled 3).

In the drop-down list you will see any tokens held at your address. For your AMR tokens, the smart contract address shown tell you which version of AMR you are holding.

The screenshot shows the Etherscan website interface. A search bar at the top is labeled '1'. Below it, the address '0x[redacted]9FD2585c9E96A36312f' is displayed and labeled '2'. In the 'Overview' section, the 'Token' dropdown is labeled '3'. The dropdown menu is open, showing a list of tokens. Three tokens are highlighted with numbered circles (1, 2, 3) pointing to their respective contract addresses:

Token Name	Balance	Contract Address
Livepeer Token	\$14.90	AMR v1 Contract Address is: 0xC399D1E21AC4c6B65551C4ECF8D6EF4C4316E383
2.26258213 LPT	@6.5875	AMR v2 Contract Address is: 0x96c833e43488c986676e9f6b3b8781812629bbb5
0xC399D1E21AC4c6B...	1,199 AMR	AMR v3 Contract Address is: 0xd3fb5cabd07c85395667f83d20b080642bde66c7

1

If you have tokens from contract address
0xC399D1E21AC4c6B65551C4ECF8D6EF4C4316E383
please send those to
0x2bfa59f8f529eeee75aea9fd2585c9e96a36312f
An equal number of AMR v3 tokens will be sent back to your wallet address.

2

If you have tokens from contract address
0x96c833e43488c986676e9f6b3b8781812629bbb5
please fill out the form at <https://goo.gl/forms/tRqOtwuNnnzOjOyo1>

3

If you have tokens from contract address
0xd3fb5cabd07c85395667f83d20b080642bde66c7
there is nothing you need to do as you have the latest version of the AMR token.
